A gift box to make cash gifts less boring :)

Description:

Time for Christmas, time for a less boring package for the cash my nephews will get. Last year it took them all of 5 seconds to get at their cash, hopefully this one will take them a little bit longer. There's only one correct path and I tried to make it so that it's easy to slide past the correct exits, time will tell if it's effective.

As always, please post pictures if you decide to make one. I've spent more hours than I care to count on this one so it's the least you can do dammit ;)

If you can, please use the online documentation found at <https://www.youmagine.com/designs/labyrinth-gift-box> because those may have been be updated. Also, there you can interact and provide praise and/or feedback.
