Short description:

Mount it to the wall and hang your powerdrill in it. Also you can put some bits and small tools in this bracket

Description:

<p>print upright, at least 30% infill, shell 0,8mm, no support, 0,2mm layer height.</p><p>To mount you should use 2 short and one longer screw.</p><p>The large hole is conical from 50 to aprox. 53mm. Let's hope your drillhead has about the same dimensions.</p>

If you can, please use the online documentation found at <http://www.youmagine.com/designs/drill-holder-bracket> because those may have been updated. Also, there you can interact and provide praise and/or feedback.
